

Dear Parents/Guardians,

After the success of the last couple of years' Christmas card projects we have decided to once again participate in the Marstan Christmas Cards for Schools project (MCCFS). The project allows pupils to express their creativity whilst raising funds for our school.

Last year the children produced a wonderful range of designs and we had great feedback on the quality of the cards, mugs, thank you notes, gift tags and canvases and admiration for the effort put in by the children and their teachers. They're in the process of completing this year's artwork in class and we can't wait to see what they come up with!

Each child has designed a card in class which will be sent to MCCFS to scan the artwork and transform it into a print-ready file. **In the next few weeks the school will receive a printed proof of your child's design which will be sent home to you with an order form.** If you would like to order some cards etc. with your child's design please fill out the order form and send it back to the class teacher with your payment.

We have started the design process early again this year in order to get the final cards back with plenty of time for Christmas posting! We'll give further details on ordering and dates for delivery when the proofs are received.

Kind regards

The PTA Committee
